**ISSUE NO 13 - TERM 3**

**30TH JULY, 2010**
The Hon Bronwyn Pike MP - Minister for Education - made an official visit to our College on Wednesday 21 July and announced that we will receive funding to plan for the next stage of our major building program. Tillie Woodroffe and Silkom Powell were outstanding as the masters of ceremonies. Minister Pike also had an informal meeting with two School Council representatives, the Hon Geoff Howard MP and other DEECD staff, to discuss some important issues relating to our College.

The next stage of our major building program will involve the ‘B’ wing being demolished and 3 science classrooms, a science prep room, a systems classroom, student toilets and a library being built in its place. I am currently seeking expressions of interest from parents/guardians to be representatives on our Planning Committee which will meet to work on the design aspects of the proposed building. Being on the Planning Committee would involve visiting other schools to evaluate the design of their learning spaces, in addition to attending some Planning Committee meetings. If you are interested then please contact Tania McKay in the office.

There is a state-wide pupil free day for all Victorian government schools on Monday 09 August. This pupil free day will enable all teaching staff at the College to start receiving professional development on the Ultranet.

The Ultranet is an online learning system which has been designed to unlock the full potential of computer based learning. The Ultranet will also be used to help facilitate partnerships between parents, students and teachers.

In recent weeks, five staff members participated in a short course on the Ultranet. These staff members will help to provide the training for the remaining staff on Monday 09 August. They will also provide further training throughout the rest of this year. Regular Ultranet updates will be provided in our newsletter over the ensuing months.

Fifteen Italian students and two teachers were in attendance at DSC last week and they all clearly had a memorable time both with their host families and at our College. I would like to thank everyone involved with this initiative and acknowledge the work of Manuela Felicetti and Nikki Carnie in organising this initiative.
We welcomed 17 Japanese students at the end of the school day on Thursday 29 July. The Japanese students will be following their own timetabled classes whilst they are at our College and will be staying with their host families during weeknights and weekends. Our Japanese students will have a farewell lunch and depart from DSC on Wednesday 11 August.

MUSIC TOUR

Congratulations to Jenny Jordan, Susan Verbyla, Jack Moeller, Ian Jordan and all of the students who attended the Canberra Music Tour. The Concert Band played in a variety of settings and to different audiences including primary and secondary school students, elderly citizens and in the Great Hall of Parliament House. The tour was a highly successful one and the College community is extremely proud of the efforts and achievements of everyone who was involved in the Canberra Music Tour.

Our Concert band will play a short concert of their repertoire on Thursday 5 August at the DSC Theatre. The concert will start at 7.00pm and all members of the school community are invited. I hope to see you there.

VALE – BOB MATHESON

A lot of people in our College community would know of Bob Matheson. He worked as a technology teacher for many years, and after retiring as a teacher, returned to work as our school maintenance person.

Unfortunately, Bob passed away earlier in the week and we extend our deepest sympathy to all of his family and friends. He will be missed by us all.

VALE - BREANNA WILLMOTT

8-2-1990 – 19-7-2010

It is with sadness that I inform the College community of the sudden death of Breanna Willmott who was unfortunately involved in a fatal car accident on 19/07/2010. Breanna, a former DSC student who was 20 years of age, was a well liked and respected student. We would like to acknowledge her friends for their heartfelt words and support of each other. We offer our condolences to Breanna’s family and the community of Greendale.

POLICE OPERATION

Our school was advised of a police operation taking place some distance from the school during periods 5 and 6 on Wednesday 28 July.

As a result of advice from police, staff and students were advised to remain in their classrooms for a period of time.

The police operation took place along a road used by the Korweinguboora bus. Parents of students at Daylesford Secondary College, Daylesford Primary School and St Michael’s were contacted by the school and asked to collect their children.

The safety of our students is paramount and all students and staff remained in a safe school environment.

I would like to take this opportunity to thank students for their co-operation and maturity. This situation was extremely well managed.

Police operations such as these do impact people in different ways and if there is a need for counselling then students are advised to make the necessary arrangements via their Year Level Coordinator.

If you would like anything clarified then please contact me in the first instance.

2010 ACTIVE OLYMPIAN ROLE MODELS PROGRAM

On Wednesday 28th July all Year 7 students had the opportunity to attend the Active Olympian Role Models Program at the Melbourne Sports and Aquatic Centre. At the start of the day, the students were introduced to some current and former Olympians. These included Peter Blackburn (Badminton), Sarah Blanck (Sailing), Andrew Gaze (Basketball), Russell Lavale (Table Tennis), Nicole Livingstone (Swimming) and Michelle Timms (Basketball). Students were then given the opportunity to ask some questions about what it takes to be an Olympic athlete. After this session, students participated in an interactive nutrition session with Olympic nutritionist
Karan Inge. She taught the students about the best type of foods for active teenagers. The students participated in team building games, developed their understanding of the Olympic values, participated in coaching sessions run by Olympians and had a ‘Body Think’ session with the Butterfly Foundation. A fantastic day was had by all.

I would like to thank the Victorian Olympic Council and Sport and Recreation Victoria for fully funding and organising this wonderful day. A special mention needs to be made of Aaron Bones, Natalie Kirby, Karen Russ, Stephanie Woodman and Mick Russell for their involvement as well.

### 2010 SENIOR BALL

I would like to thank all the Staff, Students and Parents who assisted with this year’s Senior Ball. Your support and assistance was very much appreciated. Overall the behaviour of all students was excellent and not only did they have a great night some remained behind to assist with the clean up.

### IMPORTANT DATES

- VTAC Guide will be available in July
- 2nd August 2010 VTAC and SEAS applications open
- 30th September 2010 VTAC applications close
- 8th October 2010 SEAS applications close
- 13th December 2010 ATARs released
- 13th – 20th December VTAC change of preference period
- 17th January 2011 Round One Offers
- 4th February 2010 Round Two Offers

### SEMESTER TWO SUBJECT CHANGES

No further course changes will be made unless a student has a valid reason. They also require a note from their Parent or Guardian and their year level coordinator must also approve this change.

### STUDY TIMETABLE

The expected workload of students through Years 11 and 12 at our College is considerable, covering activities conducted in class time,
Designated Learning Activities designed to extend and consolidate skills, concepts and understanding, assessment tasks and revision activities. All students are expected to develop a study timetable that identifies times across each week for all their commitments including:

- Part – time work
- Social activities
- Sport
- Family and community events
- And two to three hours for each subject

Where students develop and adhere to their study timetable, they give themselves the best chance to obtain results that reflect their ability and derive a sense of being 'in control' of the demands of their VCE/VCAL program.

10 TIPS FOR KEEPING ON TRACK

Take attendance seriously
When you attend school regularly and get to class on time you are able to do better and will be happier at school.

Attend regularly
Have you ever gone into a class and been embarrassed or feel unsettled because you can’t figure out what’s going on? Maybe it is because you missed something important the day before and now it feels like you have lost the plot? Once this cycle starts, it’s hard to stop.

Keep the school and teachers in the loop if you are away
If you are away let the school and teachers know. When the teachers are aware of your situation then they can work with you to set up a plan and they will be more understanding when you get back to school.

Catch up with class teachers
If you have missed some classes make sure you see your teachers to find out how to catch up. They will usually be very understanding and may even have some short cuts to make it easier. Teachers are sometimes busy and may not be able to help straight away, just keep trying.

Understand your out-of-school programs—VET, VCAL, work placement, work experience, apprenticeships, traineeships
Don’t fall into the trap of getting a bit slack just because out of school programs seem new and different. These are part of your normal program and have attendance requirements just like school classes.

Be smart
Learn to use a diary to note important days like assessment days and excursions. Don’t schedule shopping trips, doctor and dentist appointments during the school day.

Develop social skills and a friend’s network
School is a great place to make friends. As part of this process you will develop important social and team-work skills.

Become work ready
Understand that school helps you become work ready. School attendance habits prepare you for work attendance habits.

Access further education and training
Understand that schools help you prepare for further education and training. School work habits prepare you for further education and training.

Special provision
Remember that if you have explained your absences it will be easier to have consideration for disadvantage approved.

Who can you talk to if there is an attendance problem?
You can talk to your Section Teacher, Year Level Coordinator, Student Welfare Coordinator, M.I.P.s Coordinator or Assistant Principal. You can be referred to a guidance officer or a social worker if attendance is a problem for any reason. Talk to the person with whom you feel most comfortable.

Phil White
Senior School Assistant Principal

JUNIOR SCHOOL NEWS

Uniform
A letter regarding uniform was issued to all students with their semester one reports. Please take note of this letter as sanctions for students being out of uniform are being enforced. Sanctions include a lunch time detention for a one-off offence to being withdrawn from scheduled classes or even being sent home for repeat offenders.

Lockers
Please make sure your child has a sturdy lock for their locker. A spare key can be left at the general office in case students forget or lose their key.

Let’s aim for great attendance in 2010!
Missing school is an easy way for your child to be disadvantaged. It’s of utmost importance for your child to be at school every day of term, unless they have a really significant reason for being at home. Let’s aim to improve the individual attendance of every child at Daylesford Secondary College for 2010. “It’s Not OK To Be Away!” (P.S don’t forget to inform the College if your child is absent. We have a duty of care to know where your child is if they are supposed to be at school.)

Friday 20th - Time Warp
HIGH SCHOOL SPOOF-ICAL

It’s only five weeks till our next fabulous production. As usual it’s a major undertaking – over 100 students and several staff are involved. And as usual we would welcome any donations of make-up you might have lying around. This year we would also enjoy any donations of accessories – we think this production needs a lot of bling! Any donations can be left at the office.

Many thanks

Debating

Our nine teams all worked and debated brilliantly! The school is very proud of their effort and dedication. Look for final results in the next newsletter.

Blazers

The college brought a set of blazers for students to wear when representing the school. Over the time the numbers have dwindled and we can no longer outfit our students. Can you please check your wardrobes and return to the office any blazers you find.

STRUGGLING WITH YOUR MATHS?

The Maths teachers at DSC recognise that some students struggle to complete their class work or homework. Please contact a teacher if you need help. There are some copies of “Maths Fix” still available from the general office. This is a handbook prepared by a teacher to assist parents and students with the basics. A visit to www.mathsmate.com also may be helpful. We would also like to inform you that the following teachers are available to assist students after school:

Ms Arndt and Mrs Olver on Wednesdays
Mrs Barlow, Mr Pethica, Mr Geddes and Mr Nettleton on Thursdays

Australian Mathematics Competition 2010

The Australian Mathematics Competition is to be held on August 5th this year. This competition comprises a set of challenging multiple choice questions completed in a test that lasts for 75 minutes. These questions are aimed at extending mathematical skills, thinking skills and problem solving skills. Students compete against other students of their age from schools throughout Australia. There are prizes to be won by the top students and everyone who participates receives a certificate. Daylesford Secondary College also awards prizes to the top students from each of the junior, intermediate and senior level.

It will cost $3 to enter. If you would like to participate, you should tell your teacher and pay your money as soon as possible. Places are limited.

If you like a challenge, put yourself forward. Who knows, you might even have fun.

I look forward to your enthusiasm.

Karel Arndt

BREAKFAST SPONSORED BY HEPBURN SHIRE

Week 3 Term 3 2010 Edition 13

Website of the fortnight....If you are thinking of studying at university or TAFE after completing school you will find the Victorian Tertiary Admissions Centre (VTAC) website invaluable. Example: Check out the Schools Liaison section, then to Course Link to find out about courses available to you with your VCE subjects. See www.vtac.edu.au

Billy Lawrence – visit

Billy Lawrence (Year 12 2007) who is currently completing his pharmacology science degree, visited the Year 12 students to tell them about the Daffyd and Mary Jane Lewis Scholarship scheme. Students also had the opportunity to ask Billy about other issues related to going to university and moving from home. Billy is one of three past students to be awarded a scholarship from this fund.

University, TAFE, apprenticeship?

Staff from the university of Ballarat made presentations to both Year 10 and 11 students on 19th July. This ‘outreach’ program is designed to assist students to plan for their future and to understand the nature of qualifications and the ever-changing requirements of employment. These presentations should assist students in further developing their managed individual pathway plan.

Staff change

Bronwyn Barlow is taking five weeks leave (to achieve her major career ambition – she is to become a grandmother at last) and Vince Hayes has kindly agreed to replace her. Vince has in fact been a careers counsellor so we are very lucky to have him on board.

Year 10 & 11 VCE Summer School

The VCE Summer School running for over 40 years and exists to raise the standards of education and help students achieve their best results in VCE. A unique part of VCE Summer School is our residential program, which caters to students who live outside the Melbourne metropolitan region. These students stay at one of the University of Melbourne’s colleges for two weeks and are put under the care of residential tutors, who run activities and workshops that extend beyond what is provided in the day program. We offer all subjects at VCE Summer School, so all students are encouraged to apply. We have tutors from all different tertiary institutions, including Monash, RMIT and LaTrobe and the Victorian College of The Arts and Music. Besides offering high-quality education, Summer School also provides students with the opportunity to participate in fun activities. These include activities such as BBQs and workshops that give students a taste of the clubs and societies that are vital to maintaining cultural interests, good mental health and social networking.

OPEN Days Students and families Years 10 to 12

Students can collect lists of all OPEN DAYS from outside our office.

How can I get the most out of Open Days?

- Get hold of an Open Day Guide because there may be sessions you want to book into (careers room or websites eg www.monash.edu.au/openday, www.openday.unimelb.edu.au). Be there at the right time for information sessions.
- Allow sufficient time for your visit; two hours or so would be wise.
- Speak to staff about courses that interest you. Write your questions beforehand.
Get a student perspective - speak to students studying courses that interest you.
Collect information/brochures.
Ask about industry placements and work experience in courses that interest you.
Ask about international study opportunities with your course.
Consider transport issues; is the campus you are considering accessible from where you live?
Check the environment where you will study; would you be happy there for three/four years?
Consider the facilities/ clubs offered for your course at your preferred institution.
Consider visiting a country campus, especially if you think you won’t obtain a high enough ATAR for a metropolitan campus. ATAR’s for country universities are generally lower. They often offer more personal assistance, accommodation, and a lifestyle which will suit some students.
Be aware that if you plan to apply for a course involving an interview/ folio presentation as part of the selection process (eg design courses) you may well be asked what you found of interest about the course at Open Day. Attendance is therefore vital.

Police recruit information sessions
Recruiting Services Branch (RSB) are holding a series of ‘Police Recruit Information Sessions’ in the community to provide detailed information for potential candidates regarding the selection process, expectations and general information regarding policing as a career.
Careers sessions will be held at the following locations:
Bendigo - 26th July
Ballarat - 20th August
To book your attendance, you will need to fill out a registration form on: http://www.police.vic.gov.au

WHAT DO ENGINEERS DO? – Wednesday 4 August
Engineering Week 2010 - free event for Year 10-11 students
This seminar organized by the Bendigo Group of Engineers Australia and La Trobe University - Bendigo aims to provide the high school students (Year 10-11) with more information about various fields of engineering (civil, electronic, computer, environmental, mechanical). Local engineers will deliver short presentations (10-15 min each) about their experience and skills required in these disciplines of engineering. The seminar will help the students to decide if engineering is a profession for them and to take the necessary action (take enough math and science subjects) to ease their entrance into an engineering degree. Also, there might be students that haven’t decided yet which field of engineering they like the most and the additional information might help them to select.

Venue: Circular Lecture Theatre, Engineering Building, La Trobe University, Bendigo Campus
