**CCTV**
Over the Term 1 holidays, the College installed Closed Circuit Television into our General Office and Administration Area for the purpose of ensuring everyone's safety and to ensure respectful use of our college facilities. College Council developed and adopted a very comprehensive policy around the use of CCTV vision should the need arise, and to date there has only been one occasion where the vision was observed due to an alarm break occurring over a weekend. In order to further ensure the safety of everyone within our school, the respectful use of college property and the protection of personal equipment, College Council has now supported further installation of CCTV throughout our ‘A’ and ‘B’ Wing corridors. Signage occurs in all areas where CCTV is operational, and our students and staff are all aware of its presence. We trust that the need to view any CCTV vision will be rare. We are adamant to provide a safe, secure and respectful environment for everyone. Our College CCTV Policy is available via our College Web site should you wish to obtain any further information regarding the use CCTV in our school.

**2014 Kickstart**
Further information will be provided at the beginning of term 4 regarding this year’s 2014 KICKSTART Program, being the “official” beginning of the 2014 school year. I remind both students and parents of the following important dates:

Information regarding the final week of school will follow next term.

**Football & Netball Grand Finals**
We would also like to congratulate all of our students who have been involved in Football and Netball Finals and Grand Finals over the previous weeks. A special mention to the following:

Grand Final Winners: Hepburn C Grade Netball- Jess Volf and Ebony Torrance, and the Daylesford U/17 ½’s Football Team

Grand Final Runners-Up: Hepburn U/14 ½’s Football Team

We also wish the Trentham U/15s Football Team all the best in their Grand Final this weekend!

I trust everyone will have a safe and relaxing holiday after such a busy term. Term 4 will see us hit the ground running in order to finalize our 2013 learning programs and complete our planning for 2014. We also look forward next term to working with current Year 6 students from over 12 primary schools who will be attending our College in 2014.

**Miss Holt 😊**

**Stanley Hammond Awards**
We would like to award Alister a Stanley Hammond for demonstrating the college value of honesty.
College News & Notices

Thursday 10th October

| 7 Boys & Girls (Catchup Program) | Gardasil – 3rd and Final Dose |
| 9 Boys | Gardasil – 3rd and Final Dose |

HPV Vaccine

The free vaccine is being offered to boys in Year 7 & 9 for the first time, and will continue to be offered to girls in Year 7. The extension of the HPV vaccination program follows the success of the female program, which is credited with significantly reducing HPV-related infections among vaccinated women since it began in 2007. Vaccination against HPV is important in providing protection for both males and females against a wide range of cancers and disease. Vaccinating males will also help to protect females from cervical cancer and HPV-related disease by reducing the spread of the virus. It is important that all three doses are completed to make sure boys and girls are fully protected. The vaccine has been widely tested to ensure its safety. Close to seven million doses of the vaccine have been administered in Australia so far. We ask that parents and guardians discuss the vaccinations with their child, and explain the importance of completing the full three-dose course. The third dose will be administered at school on Thursday 10 October. For more information about the vaccine and HPV visit australia.gov.au/hpv.

Boostrix Vaccines (Diphtheria / Tetanus / Pertussis (Whooping Cough))

Students/Parents

This vaccine is available for FREE until the End of September from the local medical centre. The Springs Medical Centre will have the vaccines available to the Students until then. An appointment will have to be made by the parents and the consultation/immunisation will be bulk billed by the medical practitioner (but only for the immunisation purposes – anything else required by the parent/student from the Medical Practitioner – a consultation fee will apply).

Make-up and Back Stage

Once again Daylesford Secondary College’s production has been a great – and well deserved - success. As you all know, a lot of work goes into such a performance that is not directly visible on stage. I am sure all three and the amount of students needing specialist effects made it a challenging task. I am in awe of Lily, Emily, Amy, Jessie and Ruby who transformed our students into magnificent Rocky Horror mode. Meanwhile, the backstage crew of Aaron, Will and Amy – with support from Brooke and Emily – moved with stealth and speed to change sets and to manage the smoke and bubbles and curtains with aplomb. It was a great effort from these students. Along with the cast, sound and lighting and band members and our clever visual designers, I congratulate them for a job well done.

Cheers Helen Robinson Make-up and Back Stage

Sports

Football

The Daylesford Bulldog Under 17.5 footballers won a nail biting CHFL Grand final on Saturday. Consisting largely of current and ex-students, the team played a determined and classy brand of football to overcome a very capable Buninyong opposition, eventually running out 11 point winners. The game was noted for the skill and sportsmanship displayed by both sides. The Hepburn Under 14.5 footballers also contested the Grand final on Saturday. Against a much larger opposition, they fought gallantly to draw the game at full time, but were unable to complete the journey in extra time, going down by a few points. The boys were a credit to their respective clubs and their performances on Saturday were a reminder of the sporting talent at Daylesford Secondary College.

**Year 10 Kwong Lee Dow Young Scholars Program: Apply now!**

A program for high-achieving Year 10 students. Applications are now open, and will close on Monday 14 October 2013 for students. This is an academic enrichment program that has selected over 5000 students from more than 90 per cent of Victorian schools since it was founded in 2007. Selected students will gain access to exclusive events and resources at the University of Melbourne, as well as interact with a cohort of 700 other like-minded students.

**Year 12 Reminders:**

1. VTAC applications (timely) close 27 Sept at 5 pm ($27.00) - goes to $91.00 after that. If you are thinking of a ‘gap’ year in 2014 it is still wise to apply. You can usually defer taking up a higher education place, and you have your place held, regardless of the next year’sATAR. **For details on deferment see**: www.vtac.edu.au/courses-institutions/deferment.html.

2. SEAS applications 8 Oct at 5pm (including any documentation that has to be posted)

3. If you are considering university accommodation, you should be applying now and at any institution you are considering. Monash contact information is www.mrs.monash.edu.au/oncampus/ or 03
4. **Change of Preference** (COP) – You can change your VTAC preferences until 5pm, 25 October, and then from 9am on 25 Nov till 12 noon on 23 Dec. ATARS will be available on-line at 7am on 16 December, which means you can make changes to your application after you know your results. Institutions will offer assistance during this time – details in next Newsletter.

5. **Safety net course.** These will vary from student to student but everyone needs to include one in their planning. Some of these will require VTAC application but others will be direct. See information about ‘safety net’ course for nursing below.

6. **Diploma of Nursing** – This Diploma (also known as Enrolled or Division 2 Nursing) is offered at some TAFE’s. Some require VTAC application, while others require a direct application to the TAFE. You will also need to do the VETASSESS Nursing Test (see www.vetassess.com.au). The Diploma can be a pathway into Division 1 nursing (university), giving credits towards the degree. Apply for the Diploma if you think you may not achieve a high enough ATAR for the degree.

**Guaranteed ATARS at Swinburne**

Swinburne has guaranteed ATARS for most degrees. If a student achieves an ATAR equal to or above the guaranteed ATAR, and they’ve listed that course as their highest successful preference through VTAC, their place in that course is guaranteed. See: [http://www.future.swinburne.edu.au/vtac/atar/index.html](http://www.future.swinburne.edu.au/vtac/atar/index.html). **Vice-Chancellor’s and Dean’s scholarship** programs also have Guaranteed ATARS. Both exempt students from the student contribution of tuition fees. Students with an ATAR of 95 are eligible for a VC’s scholarship, while students with a 90 ATAR can be awarded a Dean’s scholarship. Scholarships in some discipline areas may have further selection criteria. See: [http://www.future.swinburne.edu.au/scholarships/](http://www.future.swinburne.edu.au/scholarships/).

**Monash Gippsland News**

In 2014, Monash Gippsland campus is merging with the University of Ballarat to become Federation University. Prospective students should apply to the new university in Gippsland for 2014 using the existing Monash Gippsland Campus VTAC codes. These will transfer to the new university. VTAC codes at [www.vtac.edu.au](http://www.vtac.edu.au) or [www.monash.edu/gippsland/courses](http://www.monash.edu/gippsland/courses).

**New Course at Deakin (Burwood)**

A new combined degree, the Bachelor of Food and Nutrition Sciences/Bachelor of Commerce will run in 2014 with a major in marketing or management. The course lets food and nutrition students develop business skills. There is a need for food and nutrition scientists with business, economic and financial skills (VTAC Code: 1400510111).

**The Monash SEAS estimate calculator is live!**

The Special Entry Access Scheme (SEAS) works by adding points to the aggregate study score, based on the type and level of difficulty experienced. The ATAR score is then recalculated with the additional points included. In order to receive bonus points under this scheme, applicants must have selected the relevant special consideration categories as part of their SEAS application. Visit [http://monash.edu/seas](http://monash.edu/seas) to try it out!

**Year 11 & 12**

**Featured on YouTube this month – Brilliant advice.** Timely for year 11 students to have a look. Monash have put together a series of short videos featuring study advice and tips from students who achieved exceptional ATARS. Called Brilliant advice they will provide inspiration to students. The videos are featured on the Monash You Tube channel. Visit [www.youtube.com/user/monashunivideo](http://www.youtube.com/user/monashunivideo)

**Year 10 and Monash University**

Try out FutureYou to figure out where your career could go. See: [www.monash.edu/futureyou](http://www.monash.edu/futureyou).

**General advice regarding apprenticeships**

Employers want more in their apprentices than 20 years ago. Employers like apprentices with Year 12, a driving licence/vehicle, and a pre-apprenticeship. Group Training Companies (GTOs) employ about 30,000 apprentices/trainees, and work in areas like automotive, construction, electrical, plumbing, engineering, horticulture, hospitality, retail and business. GTOs place apprentices with host businesses who provide on-the-job training. They see that entitlements are paid, check progress, and offer support. Our local Group Training Company is Ballarat Group Training see: [bgt.org.au/](http://bgt.org.au/). See: [www.grouptraining.com.au](http://www.grouptraining.com.au).

Cuppa & Cake Deal for $6.50 @ Harvest Cafe 29 Albert St, Daylesford or just have a cuppa. Focus this year is communication, homework and volunteering.

**Facebook and Photos**

School Council is discussing the loading of photos onto the college Facebook page. Stayed tuned.....

**Year 12 Valedictory Dinner**

This annual dinner is coming up after the Year 12 exams and helps the Year 12 celebrate with their parents, teachers and peers. More details to come. This is an important night for all Year 12 students.
New Arrivals - Congratulations
DSC teacher Sarah Dowell and her husband Paulo welcomed the arrival of little Hazel and I caught up with them at the CHFL grand finals at the weekend. Roger Dunn and his wife have also welcomed a new baby into their family (sorry no photo). Again congratulations.

College Production - Rocky Monster Show
What a great show, featuring over 80 students. Thanks to all the teachers, staff and parents that helped the students make this another outstanding show. Can’t wait for next year’s show, it will be Wayne Pickering’s 30th show for Daylesford Secondary College.

College Backpack Parent Survey
Update next term.

Grand Finals and a Holiday Break
Congratulations to all the students that were in the weekend grand finals. And parents, have a great break with your kids and hopefully they’ll come back full of energy to finish off the year.

Hepburn’s Health and Wellbeing Plan Priorities
Based on a review of the data about health status, indicators of wellbeing and community consultation the following priorities have been identified:

1. Mental wellness
We want to strengthen the mental wellness of residents by building community resilience and taking action to address the things that cause mental health issues.

2. Food security and healthy eating
We want all residents to have access to healthy, affordable food that promotes good physical health through community-based food production and enhanced skills in safe food sourcing and preparation.

3. Economic participation
We want to improve the health and wellbeing of all residents, particularly those who are socially and economically disadvantaged, by enabling inclusive and more equitable economic opportunities.

4. Social housing
We want to ensure all residents have access to secure and affordable housing through housing partnerships and land planning.

5. Climate adaptation
We want to reduce the climate change factors that impact on the health and wellbeing of residents through improved adaptation to climate change.

We want to support the climate change factors that enhance the health and wellbeing of residents through improved and sustainable use of resources.

6. Disease prevention
We want to reduce the impact of preventable diseases for residents by implementing a range of proactive preventive health measures.
