DSC Sustainability Garden

Due to the Halloween free dress theme on Friday 31st October, some “spooky” things happened down in the old horticulture area. Ghouls, witches and weird persons were seen weeding, spreading gravel and planting things!

Earlier this semester we were awarded a grant to establish a garden using sustainable principles in the old horticulture area and on Friday a group of SRC students and others worked hard to make this happen. The area was tidied up, paths cleared and a lot of new food crops were planted. Every student worked very hard despite it getting quite hot in the afternoon and plenty of teachers came down to encourage us and help during the day. Thank you.

This area will continue to be developed and maintained as a long term project to promote growing your own food, sustainability, good nutrition and a healthy lifestyle among the students and staff. Everyone is welcome to help look after the DSC Sustainability Garden and share in the harvested produce. See Ms Taylor or Ms Woodroofe if you can help.

COMING EVENTS

Year 12 Valedictory Dinner – 20th November
End of Year Activities Program - 15th, 17 & 18th Dec.

### Principal’s News - Mr Graeme Holmes

**Sustainability Garden and Working Bee**

Two strong environmental positives highlight the fortnight since our last newsletter. Firstly, as noted on the front page, there has been significant work undertaken on the sustainability garden. Ms Taylor and Mrs Woodroofe along with SRC representatives and many students have worked tirelessly to bring the sustainability garden back into production. It is a wonderful improvement and leads into a return of environmental science into our curriculum in 2015. The second highlight was the College Council ‘paint and prune’ held last weekend. Staff, parents and students combined together to weed gardens, paint some dowdy buildings, prune shrubs, lay pipes and generally spruce up the gardens and surrounds. Special thanks go to our Year 9 Leadership Group who took on the challenge of tidying and reinvigorating the basketball courts. Thanks go to everyone who was involved on Friday night and Saturday morning.

### Planning for 2015

Considerable work has been done over the past few months in preparation for the 2015 school year. Curriculum options have been identified and preliminary choices made by the students. Course counselling is underway and classes are being finalised. The budgets for 2015 are being prepared and staff placements are currently being made. There is still much more to be done but many of the planning structures are in place in readiness.

### Parent/Principal Forum

The second and final parent/Principal forum for term 4 will be held on Wednesday 26 November. This will be an evening forum, commencing at 7pm for about an hour. The main topic will be school priorities for 2015 however parents will have the opportunity to raise any general issues they wish to pursue with me.

### Year 12 Exams

Most of the exams for our Year 12 students are over or certainly very close to conclusion. I congratulate the students on their positive approach to the exams. The Year 12 Valedictory Dinner will be held next Thursday (20 November) at which time we say farewell to our Year 12 exiting students.

### World Challenge

Seventeen of our students are participating in World Challenge this year. The group, accompanied by Ms Kirby and Ms Ellis, will be departing for Malaysia on Monday 24 November. We wish them well and hope they have a fantastic time working in the community as well as enjoying the sights of Malaysia.

### Regular Updates

Brief comments and updates can be found on the [Principal’s Page](http://www.daylesfordsc.vic.edu.au/dsc/newsletters/) on our college website.
Working Bee
Saturday 8th November
“Thank You Everyone” for all your support and a great day

2015 Second Hand Books
Please note the 2015 second hand book list of books which can be sold/purchased next year is attached at the end of the newsletter. Please ensure books are named and handed into the General Office before Monday 8th December.

Parent/Principal Forum
Wednesday 26 November
Time: 7pm – 8pm
Venue: Conference Room, admin block
Topics:
• School priorities for 2015.
• School review 2015.
• Any other topics which you wish to raise.

End-of-Year Dismissal Dates
There are staged dismissal dates for students as the year draws to a close.
Year 12 students – dismissed after their final exam
Year 10 and 11 students – Last day of attendance is Friday 5 December
Years 7-9 – expected to attend until the last day of school.

Student Engagement & Wellbeing

Drug Education with Paul Dillon
Doing Drugs with Paul Dillon.
Paul Dillon has been working in the area of drug education for the past 25 years. Through his own business, Drug and Alcohol Research and Training Australia (DARTA) he has been contracted by many organisations to give regular updates on current drug trends. He has also worked with many school communities to ensure that they have access to good quality information and best practice drug education.

His book ‘Teenagers, Alcohol and Drugs’ was released nationally in February 2009. With a broad knowledge of a range of content areas, Paul regularly appears in the media and is regarded as a key social commentator, with interviews on television programs such as Sunrise, TODAY and The Project.

Parents, carers and grandparents seeking information on assisting them in how to better approach teenagers in relation to safe partying,
teenage alcohol use and parenting, sleep-overs and much more, see this blog below. You can join his blog to get regular updates from Paul Dillon.

Head Lice
There have been several cases of head lice within the Junior School Learning Community. Please check your child’s head for lice and treat if required.

Year 8 End of Year Celebration at Bounce
On Friday 7th of November, Year 8 students attended Bounce in Essendon as an End of Year Celebration. All students upheld the College values and were commended on their positive attitude by staff at Bounce. Students had the opportunity to slam dunk, play dodge ball, free bounce, try the skills trampolines and use the air bags.

Below DSC students enjoying a great day at Bounce.
Year 11 PE Bio Lab Excursion

The Year 11PE class attended the Geelong Bio Lab, at Deakin University on Thursday the 30th of October. Students were involved in a range of practical activities based on the content of the subject. They were able to access and utilize equipment worth up to $50,000 to look at the biomechanics behind someone running and jumping as well as completing a VO2max bike test. The group enjoyed a tour of the university at the completion of the day, many of them having something to aim for in their future. It was a fabulous day for all and the students were commended on their level of active participation and manner.

Gemmah Gill

Tsfx Summer School VCE 2015

VCE Summer School Unit 1 & 3 Head Start lectures are being held at the University of Melbourne and Monash University in January 2015.

Brochures are available to 2015 Year 11 and Year 12 students from Ms. Olver and Ms. Kirby in the Senior Centre or online www.tsfx.com.au
For further information phone 03 9663 3311.

On Monday, 10th November, a group of talented students from Years 8 & 9 visited Daylesford Primary School to perform two very funny plays and dance the Tarantella for the Grades 3 & 4 Italian Language students.

The Year 8 play was about a family who think they’re in an Italian restaurant but realize too late that the restaurant is French, and they are served some disgusting snails. The restaurant also has one very angry patron who can’t stand the noise and ends up using some karate on the unlucky staff.

The Year 9 play, which had previously placed second in this year’s Italian Performing Arts competition, was about a boy who is under pressure to eat or leave alone his mother’s freshly baked cake. He is teased and taunted by angels and devils before succumbing and eating it. He then has to remake the cake for his unsuspecting grandparents. Unfortunately, the cake is so bad that it kills his Granddad.
Both plays were very well rehearsed and performed and the primary school students loved them both.

Our Year 8 students also performed the Tarantella and then taught the Year 9 and Grades 3 & 4 students how to do it, too. They finished off by dancing again for the Grade 1 students.

Thank you to all of you students. You were great ambassadors for our school and a big thank you to our Language Assistant, Angela Lella, for spending extra time rehearsing with the students. Thanks to Luke Roberts for getting us to and from the school, and to Trudi Blick and staff at Daylesford Primary School for kindly allowing us to show case our students’ work.

Jenny Penaluna
Epping Secondary College and Daylesford Secondary Students at Boomerang Ranch Camp

Wednesday, the Year 9, 10 and 11 students hopped on the school bus to meet with Italian students from Epping Secondary College who were at Boomerang Ranch taking part in an Italian immersion camp. Antonella Gregory of Epping invited us along to meet with fellow Italian city student. Students began the day with some icebreakers, played language games and trivial pursuit. All teams of students were from both schools and of mixed age levels. It was great to see our students mixing and speaking in Italian with students they had not met before.

Later they played volleyball and the Italian lawn bowls type game, bocce, danced a little and ate a BBQ lunch before farewelling the Epping students who needed to set off back to Melbourne at around 1:00pm. It was a brief encounter but a great first step in making links with this very diverse and multi-ethnic school.

We talked about planning a combined school excursion to the Abruzzo Club in Melbourne next year and the possibility of joining them on their camp once again for an overnight stay next year.

Maria Mazzitelli
Italian classroom teacher

After School Maths Help every Tuesday

Maths teachers are available to help students with their homework or other maths work after school every Tuesday 3:30 to 4:30 in B4.

MIPS & Careers Update

Week 6 Term 4 2014

Week 6 Term 4 2014

Pre-Ag Club

Year 9 – 12 students interested in agriculture can join – membership gives you the opportunity to explore the agricultural sciences as a study option and the wide range of career opportunities available.

- Attend university run customized lectures and practical sessions
- Meet leading academics and researchers
- Connect with students who share your interests
- Discover benefits of a degree and career in agricultural sciences
- Learn how you can make a difference

To join: visit http://fas.unimelb.edu.au/study/pre-ag-club

Current Year 10 & 11 students – Brilliant VCE support and fun

The VCE Summer School is a two week program in January designed to demonstrate what university life can be like and give you some skills to get there. The program offers every Unit 3&4 and most Unit 1&2 subjects with classes centred around preparing you for the upcoming year. The tutors are all university students, quite skilled in their relevant areas and willing to provide any additional information that you’d like to know. There are a number of extra fun activities so it is not all study and the program offers a Residential Program for students from rural or regional areas. For more information and to apply check out the website at: umsu.unimelb.edu.au/summerschool

The VCE Summer School can be contacted at on 8344 8204 or summerschool@union.unimelb.edu.au.

Costs: $190 for the day program or $490 for the two week residential program including all food and accommodation

Student Support at Lunch Time and After School

Science Help Tuesdays

If you are behind with your Science homework or if you just need a bit of science help then lunchtime Tuesday in A8 is for you!

Bring your lunch and whatever you need help with of a science nature.
for both weeks. For students in particular financial difficulty we partner with a variety of groups and individuals including Rotary Clubs, to provide bursaries so monetary reasons are not a barrier to the program.

**Current Year 9 & 10 students**

**Year 9 students 2015 Work Experience**
Students should be thinking about the type of industry they might be interested in for their 2015 work experience. On the 11 December we will be conducting an introduction to Pathway Planning and doing the prescribed Occupational Health and Safety training required for Work Experience. This means we need all Year 9 students to attend on that day.

**Work experience - what the experts say**
**Improving the employment prospects of young Australians**
A closer look at employer responses - Work experience

Around 13 per cent of employers said that some form of work experience or volunteer work, particularly while still at school, is an effective way for young people to improve their employment prospects. This finding aligns with results from the ABS Job Search Experience survey which found that the second most common difficulty in finding work for unemployed persons aged 15-24 was ‘insufficient work experience’. The main reasons employers believed work experience is an effective way to improve employment prospects are shown in Figure 3. In addition, around 10 per cent of employers said that training and further education is the most effective way to improve the employment prospects of young people due to the acquisition of work specific skills and qualifications. Higher education, TAFE courses, and apprenticeships and traineeships were most commonly mentioned.

**Nov 11th and Surveying**
Are you familiar with the beam of sunlight that strikes the stone of remembrance in the main hall of the Shrine, some 35 metres below?
The building’s architecture was originally designed with Surveyors so the beam hits the stone at 11am, on 11 November each year.
The introduction of daylight savings in Victoria in the summer of 1971 however meant that the beam of light was an hour behind, arriving on the granite at 12 noon. An artificial light from a theatre spotlight was relied upon until 1976, when Mr Johnson, Licensed Surveyor devised a solution.

See the video at THE AGE Bending the light for Remembrance Day

Find out more about Surveying at:
