Principal’s News - Mr Graeme Holmes
OLIVIA
I am sure that the many parents, friends and wider community members who came along to watch Olivia were highly impressed with the talent and abilities of our wonderful students. The singing, dancing and acting was of high calibre and the energy and enthusiasm displayed by all of the students was inspirational. Well done to all involved and especially to Mr Pickering on coordinating another highly successful production and to Mrs Verbyla and the many other staff involved in helping in so many ways before and during the show.

REBUILD PROJECT
The next step has been taken in our rebuild project. College Council has approved a submission to Region to address our building over-entitlement issues and has proposed a series of new buildings to replace old structures. The proposal is to demolish A-Block, B-Block and E-Block and replace these with new structures. We now wait for approval to move to the next stage which is selection and employment of an architect.

PARENT/CARER FORUM
Our school review gets underway in earnest in the first week of next term. You are invited to meet with the reviewers and express your views on how the school can improve. A meeting has been scheduled for Tuesday 6 October (first week in term 4) for any parents or carers wishing to attend. The forum will be from 7-8pm in the school library.

YEAR 12 TIMELINE
The final days for our Year 12 students are rapidly approaching. They will attend for a few weeks in term 4 then, after final assembly and celebration, it will be study time followed by exams. Some students will be having oral and practical exams in the first few weeks of term 4 however the English exam, which marks the formal commencement of the exam period, will be held on Wednesday 28 October. The schedule for Year 12 is:

- Term 4 weeks 1 and 2 – all Year 12 students are to attend school.
- Monday 19 October – final assembly for Year 12 students.
- Tuesday 20 October – Year 12 celebration day.
- Wednesday 28 October – VCE English exam.

3-D Print-a-Car Challenge
Congratulations to three boys who have successfully entered a 3-D printing challenge. Ethan Daly, Gerard Horvat and Tom Burningham Glover have been invited to participate in the print-a-car challenge in Melbourne next term. Ben Gervasoni, who has mentored the trio, will also attend. All the best to the print-a-car team.

FINALLY
It has been a great finale to term 3 with the many and varied activities for Spirit Week and the superb schools’ concert on Wednesday night. Congratulations to all involved. The term now concludes with Parent-Student-Teacher Interviews. I hope you take this opportunity to meet with teachers, discuss the progress your child is making and plan the way forward in term 4. I hope everyone has a great holiday and look forward to being back here on Monday 5 October.
2015 DSC Production

Daylesford Secondary College
Presented Another Great Production
OLIVIA! A female Oliver!

DSC students entertained the local community with 4 brilliant performances of Olivia during the past fortnight. As the name suggests, "Olivia" is based on a favourite character from children's fiction—the orphan Oliver. However, not only does this musical substitute the lovable boy character for a girl, but it also entwines other familiar faces such as Eliza Doolittle, Ebenezer Scrooge, George Bernard Shaw, Sherlock Holmes and Dr Watson. This brilliant and innovative show, set in Victorian times, traces the steps of Olivia, from downtrodden orphan to star of the stage. On her journey to the bright lights of London, she is befriended by Eliza Doolittle [from "My Fair Lady"] and, after a series of adventures, becomes a singer in a new Gilbert and Sullivan show, thanks to the unlikely assistance of Fagin and The Artful Dodger [from "Oliver!"].

Another very successful school production, very much enjoyed by all. On closing night students again expressed their heart-warming sentiments, enjoyment and appreciation of the production to their teacher, Mr Wayne Pickering and all the staff members supporting them.
“DSC 2015 PRODUCTION “OLIVIA”
The Gettin’ Dirty Program is designed to build community connectedness, self awareness, sense of belonging, builds confidence, a sense of achievement and pride and also community links for Year 7 & 8 boys. Thank you to Senior Constable Jim Ross, Margie Thomas of Cornish Hill and Fiona Robson of Community Park for a very successful program.

Student Engagement & Wellbeing

Special Breakfast

Thank you to The Mt Franklin St George Masonic Lodge in Daylesford for providing a bacon and egg breakfast to the school community on Tuesday. We greatly appreciate the support you provide for our breakfast program. Awesome job guys, well done.

Above: Ned and below Jacob
Above: Peter Gallagher with The Mt Franklin St George Masonic Lodge Daylesford members providing a delicious hot bacon and egg breakfast for DSC.

Above: Dean Jones with the Freemans Team.

Senior Learning Community

Exam Navigator
By now, all students enrolled in units 3 & 4 subjects should have received a copy of the ‘Exam Navigator’ in the mail (blue booklet). It is essential that you and your child take the time to carefully read this as it has vital information regarding exams, processes and exam rules in it.

Students should also ensure they are familiar with their exam timetable. More information will be included in the newsletter in coming weeks.

Units 3 & 4 Revision Lectures
There is information relating to a number of revision lectures on the Senior School notice board. We highly recommend that students attend these lectures as part of their revision program for end of year exams. Most of these will be held during the holidays or over weekends in the next few weeks.

Practice Exams
Formal Year 12 practice exams will be offered to students in the Senior Centre as follows:

Friday 18th September
9am-12:15pm English
1:00pm – 3:15pm Literature

Thursday 25th September
The following practice exams will start at 9am:
Revolutions
Psychology
Philosophy

YEAR 12’S SAVE THE DATES:
- Final Assembly
  Monday 19th October
- Celebration Day
  Tuesday 20th October
  at The Zone Bendigo
- Valedictory Dinner
  Friday 20th November at the Novotel Forest Resort Creswick

ARTS
Visual Communication

2015 School Magazine Cover Design Competition

Calling all budding artists and designers!
Enteries are now open for the 2015 School Magazine Cover Design Competition. Cover designs can be created, using any materials, in either an A4 or A3 format and may feature text (ie. DSC 2015). Entries can be left at the office or submitted directly to either Ms Penaluna or Ms James by the end of this term.
The winner will not only win a fabulous prize, they will also have their talents showcased on the cover of this year’s school magazine! Don’t miss out – get your entries in NOW!

School Magazine

Dear Parents, Guardians and Students,

Every year we publish our school magazine highlighting the year’s events, student achievements, class photos and other memorable items. To ensure that your child receives a copy we need to receive a payment of $15.00 by the end of this term. Payments can
be made at the general office or by phone on 5348 2367.
Kind regards,
Jenny Penaluna and Amelia James
Magazine Coordinators

### Student Support

**Continues Term 4**

**Lunch Time and After School**

### SCIENCE Help Tuesdays

If you need a bit of help with any Science homework or classwork come along to a catch up and help session every Tuesday lunchtime in A8. **Bring your lunch and whatever you need help with of a science nature.**

### After School MATHS Help

Maths teachers are available to help students with their homework or other maths work after school every **Tuesday 3:30 to 4:30**. Students should bring their maths work and necessary equipment to **B4**.

### Tuesday Night SENIOR STUDY Sessions

Senior students are invited to attend our senior school study nights on Tuesdays after school. Some senior staff will be available to assist students with their study during this time.

---

**MIPS & Careers Update**

**Week 8 Term 3 2015**

### Reminders

- **SWINBURNE ADVICE NIGHTS** – Wantirna/Hawthorn; See [www.swinburne.edu.au](http://www.swinburne.edu.au); search: Advice Nights.

- **Year 11 parents – some preparation advice for you** See: [https://www.youtube.com/playlist?list=PLjZkU1vM_0aVla4oeGUnQ2-iFE-r2DO2](https://www.youtube.com/playlist?list=PLjZkU1vM_0aVla4oeGUnQ2-iFE-r2DO2)

- **Year 12 news** – Hopefully all those intending to apply for courses through VTAC have completed the process. Remember to pay the $29.00 as soon as possible. Most students have SEAS underway or complete. Remember that SEAS applications must be completed by 6th October – the second day back at school. This includes any hardcopy material that needs posting. Please advise us if you are having any issues related to this. All should sign up for a VTAC social media channels. Subscribe to the VTAC applicant blog by email or RSS: blog.vtac.edu.au; follow of Twitter: @vtacguide or Like on Facebook: facebook.com/vtacguide See the list of activities available in the holidays at the end of this Careers report.

### Special Scholarships

There are a number of scholarships that fall outside the VTAC scholarships. Two of these are described here. If you intend applying you might like to make a Careers appointment for assistance.

**C.A.S. Hawker Scholarships**

C.A.S. Hawker Scholarships are one of the most generous privately funded scholarships available to undergraduate students in Australia. Each residential scholarship is valued at up to $45,000 over three years. Opens **Monday 7th December 2015** and close on **Friday 8th January 2016**. [http://www.hawkerscholarship.org/pages/questsions/what-are-the-selection-criteria.php](http://www.hawkerscholarship.org/pages/questsions/what-are-the-selection-criteria.php)

**Dafydd Lewis Trust** - Separate scholarships for males and females.

**Boys:**
The scholarship is paid to a person to undertake tertiary studies at **any university in Victoria**. Scholarship recipients must have attended a Victorian state school or college for at least five consecutive years immediately prior to being awarded the scholarship.
Applicants must not be older than 19 years of age (i.e. not yet 20) on 1st January 2016. Applicants will need to complete a means test to be eligible. For applicants who will be commencing tertiary studies in 2016, combined parental gross income must not exceed $77,194 per annum.

You can study any course but not Arts, Music, Theology or Education, excepting those students who wish to undertake the Arts course for the purpose of gaining entry to a course which was previously offered by the institution as an undergraduate degree but is now only offered at postgraduate level. See: [http://www.lewisscholarships.org.au/Dafydd-Lewis-Trust/faq.html](http://www.lewisscholarships.org.au/Dafydd-Lewis-Trust/faq.html)

**Girls: Mary Jane Lewis**

Who may apply? Any girl commencing a degree at the University of Melbourne.

Scholarship recipients must have attended a Victorian state school or college for at least five consecutive years preceding the award of the scholarship. Applicants will need to complete a means test to be eligible. See above for parental income assessment. See: [http://www.lewisscholarships.org.au/Mary-Jane-Lewis-Scholarship-Foundation/index.html](http://www.lewisscholarships.org.au/Mary-Jane-Lewis-Scholarship-Foundation/index.html)

**Monash University – some changes**

Monash is offering a revitalised course portfolio. Popular double degrees are still available, and students can still commence specialist studies from first year. Go to [www.study.monash](http://www.study.monash) to find out about all Monash courses and a full list of majors and specialisations.

**Languages at Monash**

Monash offers a very comprehensive language program. Students can enter with no language background through to an advanced background. Languages can be studied in the Bachelor of Arts, the Bachelor of Global Studies, or students can complete a Diploma of Languages along with an undergraduate degree.

**Software engineering** – is now a specialisation in the Bachelor of Engineering.

**Health Sciences** – The new Bachelor of Health Sciences is a parent course with four specialisations:

- emergency health
- human services
- public health
- radiation sciences.

Note that Social Work is no longer offered as an undergraduate Monash course; those interested in Social Work take the B. Human Services followed by the Master of Social Work.

**Nutrition and Dietetics** - the Bachelor Nutrition and Dietetics is not offered for entry in 2016. Students interested in pursuing this career are advised to undertake the Bachelor of Nutrition Science, followed by the Master of Dietetics.

**Pathways to Monash**

Pathways to Monash - Some pathways to Monash are: the Diploma of Tertiary Study (DoTS), a one-year course allowing you to begin studying towards a Monash degree; the Diploma of Higher Education (DoHE) for students wanting to study science or science education but did not get the required ATAR. You will need an ATAR of at least 50 for DoTS and 65 for DoHE (also complete an online supplementary form). See: [www.study.monash/courses/entry-pathways-domestic](http://www.study.monash/courses/entry-pathways-domestic)

**The University of Melbourne** – This university operates on a different model from other Victorian universities. Students start with a degree in either Agriculture, Arts, Biomedicine, Commerce, Environments, Fine Arts, Music, Oral health or Science. Once the initial degree is completed students can head into the workforce, do a professional qualification at masters level or complete a graduate research degree.

**The Bachelor of Biomedicine at Uni Melb** - A three-year degree concerned with the processes and systems that create, sustain and threaten life. A good choice if you want to enter health professions such as audiology, dental surgery, medicine, nursing science, optometry, physiotherapy, social work and speech pathology. Most graduates go on to study medicine, others to research in an Honours year, others into physiotherapy, Engineering (e.g. Bioengineering Systems), IT (e.g. Health Infomatics), Dentistry, etc. Also note that some students choose to do a Bachelor of Science at Melbourne as a pathway into health degrees.

**New major in the Bachelor of Science at the University of Melbourne**

UoM will be offering Computational Biology as part of the Bachelor of Science in 2016. This is one of the most rapidly developing and entrepreneurial fields of modern day science. The opportunities it creates for future Science graduates (perhaps in careers that are yet to even exist) are exciting and have the potential for explosive growth. Where classical sciences can’t keep up, Computational Biology steps in to do the ‘heavy lifting’ through algorithms and software that can track and process more information than ever before, in real-time.
Deakin University
Pathways to Deakin – Deakin has several pathway options for those who do not obtain the required ATAR for the degree of their choice: TAFE pathways, Deakin College and Associate degrees. See: http://www.deakin.edu.au/study-at-deakin/study-options-and-pathways/pathways-to-deakin

Deakin’s scholarships – Deakin’s new scholarships include the Vice Chancellor’s Academic Excellence Scholarship, Deakin’s Scholarships for Excellence, and the Deakin Student Support Grant. More information at: http://www.deakin.edu.au/study-at-deakin/scholarships-and-awards

Cognitive Science at Deakin – This will be offered as a new major sequence in 2016 in the Bachelor of Computer Science at Burwood. Subject areas include: psychology, understanding the mind, thinking systems and cognition science, human behaviour and computer interaction, and data visualisation and decision-making. See: http://www.deakin.edu.au/study-at-deakin/find-a-course/computer-science

Australian Catholic University News
Teaching at ACU – ACU offers alternative pathways into a number of their degrees. For example, there are several options for becoming a teacher. See: www.acu.edu.au/pathways

Bachelor of Digital Media – A new degree in 2016. It will enable students to work across a range of careers by developing skills in video and audio production, social media production and journalism/text production to meet the demands of today’s changing media industry.

Bachelor of Teaching/Exercise Science – New in 2016, this is for students wanting a career combining physical activity and a love of teaching. Depending on the subjects, students will graduate with health, PE and personal development teacher qualifications, and a second teaching method.

Bachelor of Biomedical Science Double Degrees
The Biomedical Science degree will be offered with Applied Public Health, Law and Business Administration from 2016.

RMIT News
Pathways – Like other universities, RMIT offers pathway programs to help you reach your study and career ideas. You can often transfer from one program to another, with recognition of your existing skills and knowledge. More information see: https://www.rmit.edu.au/study-with-us/applying-to-rmit/local-student-applications/pathways/recognised-pathways/

Computer Science and IT Animation – Choosing the right computer science and IT degree depends on how your wires are connected. RMIT has launched a new animation that will inform you about the difference between computer science and information technology programs at RMIT. See: https://www.youtube.com/watch?v=qOlBH4B8Vv4

RMIT Medical Radiations Scholarships – The Department of Health (Victoria) is offering five scholarships of $10,000 in nuclear medicine. See: http://www1.rmit.edu.au/scholarships/nuclear

Nuclear Medicine Workplace Visits – visit nuclear medicine departments that support the B. Applied Science (Medical Radiations) program. When/Where: 10am-12 noon, Thurs 24 & 25 Sept at St Vincent’s Hospital; 2:45pm, Thurs 24 & Fri 25 Sept at the Austin Hospital. Register: http://www.rmit.edu.au/events/all-events/tours/2015/september/nuclear-medicine-lab-visit-stvincents/

Holiday Activities - free
Federation Uni - Didn’t make it to Open Day? Thursday 24 September - 2:00 pm, and Tuesday 29 September - 2:00 pm.

**SATURDAY MORNING JUNIOR TENNIS COMPETITION**

Calling all budding tennis stars! The **MT PROSPECT & DISTRICT TENNIS ASSOCIATION** would like to invite children and adolescents of all ages to learn, develop and play tennis! Tennis is a fabulous sport that you can play as an individual, as a team, with friends, as a family, at any level and at any age.

**WHERE & WHEN:** Situated in Creswick, and offering both grass and hard court surfaces, the Mt Prospect & District Tennis Association offers a Saturday morning junior tennis competition that runs through Term 4, 2015 and Term 1, 2016 for a total of 14 weeks plus finals. Play starts at 9am and finishes no later than 12 noon, and all players play 3 sets of tennis.
All you need is a racquet and some enthusiasm!

**GRADES:** Sections include (age as at 31/12/2015)
- 10 & Under Girls and 10 & Under Boys
- 12 & Under Girls and 12 & Under Boys
- 14 & Under Girls and 14 & Under Boys
- 17 & Under Girls and 17 & Under Boys
Plus a Hot Shots Program for 5-8 years old.

**REGISTRATION FEE:** $30 per person (or $100 for a family of four or more) plus ball fees of $5 for each week played.

If anyone is interested in being a full-time player, an occasional player, or just a fill-in, please contact any of the committee members below to arrange your inclusion in a team:

- **Tracey Amarant** (ph: 0410 838 335)
